

LUBRANIL® X 9030

TECHNICAL INFORMATION

Application:

LUBRANIL® X 9030 is a new pumpable water-based environmental friendly dispersion for resin bound plasters as well as for silicate and silicone based systems and water-based paints.

Properties and advantages:

- Prolongs the open time
- Free of any solvents, free of VOC
- Prevents from cracks and rents
- Improves the workability of the plaster
- Easy pumpable and stable viscosity
- Good Plastification
- Reduction of "pinhole" effects

Technical data:

Appearance:	white, liquid
Active content:	31% ± 1%
pH-value:	7,5 ± 1
Ionogenicity:	non-ionic
Dilution:	in water in any ratio

Recommended dosage:

LUBRANIL® X 9030 is used in quantities of 0,3% – 1,5%, as it is, based on total formula. It should be normally incorporated together with the binder.

Before use the product should be stirred

Transport and storage:

Our dispersions are sensitive to frost!
To be stored and transported between + 5 °C and + 35 °C.
Maximum storage time 6 months in originally closed packaging.

Packaging:

750 kg palette with drums à 150 kg
Containers with about 1.000 kg
Bulk
