

# WÜKOSEAL® 2800

## TECHNICAL INFORMATION

### Application:

WÜKOSEAL® 2800 is a waterborne dispersion for use as oil/grease and water proof coating applied on paper and cardboard. Lamination of paper/aluminium foil

### Properties and advantages:

- High performance oil and grease resistance
- Good water resistance
- Improves water vapour resistance
- Recyclable waterborne coating
- Good adhesion to different metals

### Technical data:

Appearance:	off-white
Base:	polymer
Active content:	45 + 2 %
pH-value:	8.0 + 1.0
Ionity:	anionic

### Recommended dosage:

The dosage depends on the surface structure and condition of the to be coated material as well as of the wanted degree of barrier properties  
Application via rod coater is recommended

### Transport and storage:

Our dispersions are sensitive to frost!  
To be stored and transported between + 5° C and + 35° C.  
Maximum storage time 6 months in originally closed packaging.

### Packaging:

Drums with 205 kg  
Containers with about 1.000 kg
