

# WÜKOSEAL® 929

## TECHNICAL INFORMATION

### Application:

WÜKOSEAL® 929 is a waterborne dispersion for use in water and grease proof coatings as well as water vapour barriers applied on paper and cardboard

### Properties and advantages:

- WÜKOSEAL® 929 provides hydrophobic properties when used in coating colours or surface preparations with or without pigment
- Very good anti blocking properties
- Improves the oil and grease resistance

### Technical data:

Appearance:	clear liquid
Base:	modified wax
Active content:	40 + 1 %
pH-value:	8.5 + 1.0
Ionity:	anionic

### Recommended dosage:

The dosage depends on the surface structure and condition of the to be coated material as well as of the wanted degree of barrier properties.

### Transport and storage:

Our dispersions are sensitive to frost!  
To be stored and transported between + 5° C and + 35° C.  
Maximum storage time 6 months in originally closed packaging.

### Packaging:

Drums with 210 kg  
Containers with about 1.000 kg
